DuPont Summary

- **ROE has consistently improved**, peaking at **29.60% in FY23** and slightly moderating to **28.89% in FY24**.
- **Net Profit Margin** saw strong improvement post-2021, growing from **25.56% in FY22** to **29.28% in FY24**, indicating enhanced profitability.
- **Asset Turnover** improved significantly from FY21 to FY23, reflecting better asset utilization, though there was a slight dip in FY24.
- **Financial Leverage** remained stable and modestly increased, showing a balanced use of debt/equity to boost returns without excessive risk.

Recent Updates (2025)

- ITC acquired Aditya Birla Real Estate's pulp & paper business to bolster its paperboards and packaging segment.
- ITC also acquired *Prasuma*, a leading brand in frozen, chilled, and ready-to-cook products. This move strengthens ITC's position in the high-growth packaged foods category.
- For Q3 FY25 (ending Dec 2024), ITC reported consolidated revenue of ₹17,052.82 crore, reflecting steady performance across core businesses despite inflationary pressures.
- As of April 8, 2025, ITC's stock traded at ₹412.55, recovering from recent lows but still about 17% below its 52-week high of ₹498.94 (hit in Sept 2024), indicating potential for upside.
